Important

Before we provide you with financial advice, you should read this Financial Services Guide (FSG) It contains the following important information to help you decide whether to use our services:

- Who we are;
- Initial and ongoing advice we provide;
- How we are paid;
- Who to contact if you have a complaint.

About Us

Future Funds Pty Ltd, corporate authorised representative (CAR), number 235546, trading as Future Funds Pty Ltd, is authorised to provide financial services on behalf of Advice Evolution Pty Ltd.

Future Funds Pty Ltd is a leading financial services provider.

Our business was established by Grant Simpson in November 1999 and we have offices in Sydney, NSW.

We aim to educate you, our client, by providing strategies that allow you to take control of your own financial decisions.

We build relationships with you and your family to ensure we secure each generation's financial well being.

Future Funds has three primary client types that it assists. These are our Strong Growth clients, our Near Retiree clients and our Retiree clients. Our Strong Growth clients are aged 30 to 55 and are typified by their above average approach to life. Our Near Retirees are 50 to 65 and preparing for retirement and our Retiree clients are 55 plus and are pursuing the new aspirations in their lives.

Our vision

Future Funds builds lifetime relationships with clients, based on mutual respect and sustainable operations. We are held in the highest regard by members of our community.

Our mission

We provide lifelong financial advice to aspirational clients. Our clients recognise our advice and our processes are sensible, robust and being of great value.

Our values

Through honesty, diligence and commitment, we strive to attain mutual respect with all those we interact with. We value this as the central requirement for all long term relationships.

Our financial planning process

Everyone is different, with different circumstances, needs and goals. We treat every client as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

Identifying where you want to be

We will help you identify your financial and lifestyle goals as well as explain the services we offer that will help you achieve them. The type of advice you need could depend on your life stage, the amount of money you want to invest and the complexity of your affairs.

We will explore the range of issues that need to be addressed to meet your goals. You can then decide whether you want my advice to meet a single need or a broad range of issues.

Considering opportunities and risks

Good personal advice starts with having an understanding of your current situation. We take a close look at your current financial situation – assets, debts, income, expenses and insurance, and explore the options you could use to reach your goals.

Bridging the gap

Based on the research we have conducted, we will recommend a strategy to bridge the gap between where you are now and where you want to be.

Bringing your plan to life

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant, solicitor and general insurer so that your strategy is implemented efficiently.

Staying on track with regular ongoing advice

Time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing advice.

We design an ongoing service programme to ensure your plan remains up to date as your life changes and so you can obtain the benefits of ongoing reliable advice.

Sometimes, life takes us in unplanned directions. When you need a little extra help on top of our initial or ongoing advice, just ask us to provide you with some additional advice. We are there to help you – whatever the occasion.

Advice Evolution Pty Ltd maintains an approved products and services list that has been researched by a number of external research houses. A diversified selection of approved fund managers is accessible through investment products on the list.

Advice Evolution periodically reviews the products on the approved list to ensure that they remain competitive with similar products which address similar client needs and objectives.

Generally we may recommend products and portfolio administration service (PAS) which are on the approved list provided they are appropriate to your needs. However, we may, subject to Advice Evolution approval, recommend other products and PAS's where it is appropriate for you. Recommending products and PAS's may entitle us and Advice Evolution to receive additional benefits as disclosed in the other benefits section of this FSG.

A copy of the approved list of products and services can be supplied to you upon request.

To implement our advice, we will only recommend quality products and services that are suitable for you.

Our initial advice will be provided to you in a financial plan, known as a Statement of Advice (SOA). The financial plan contains a summary of your goals, the strategies and financial products we will recommend to achieve your goals. It also provides you with detailed information about the fees, costs and other benefits we will receive as a result of the advice we have provided.

We will keep a record of any further advice we provide to you for seven years. You may request a copy of the record by contacting our office.

You will also receive a Product Disclosure Statement (PDS) if we have recommended you invest in or purchase a financial product. The PDS contains key features of the recommended product, significant benefits, risks and the fees you pay the product provider to professionally manage your investment or insurance.

You should read any warnings contained in your financial plan or the PDS carefully before making any decision relating to a financial strategy or product.

You can contact Grant Simpson directly with any instructions relating to your financial products.

We receive initial and ongoing advice fees and commission for insurance products you purchase. Your financial plan will outline all fees and commission inclusive of GST.

Initial Advice

Initial appointments with new clients are held at our cost i.e. there is no charge for the first appointment. At that first meeting, we will determine the scope of advice you require and the complexity of your financial situation. At the end of the first meeting, we will provide, in writing, an assessment of the benefits our advice may generate. This assessment will include confirmation of our initial advice fee should you choose to proceed.

Our initial advice fee covers the cost of researching and preparing your financial plan.

The initial advice agreement sets out what our initial advice will cover and how much it will cost.

Our minimum initial advice fee for personal advice requiring a Statement of Advice and recommending a single strategy is \$1,980.

Our initial advice fee range for personal advice requiring a Statement of Advice and recommending multiple strategies is \$3,960 to \$7,920 based on the number of issues you request advice on.

Where your circumstances involve additional complexities, such as SMSF advice or trust and company structures, Future Funds reserves the right to adjust this fee range subject to written client approval prior to commencing work.

Ongoing Advice

Our ongoing advice fees ensure your strategy and products are reviewed to help you take advantage of opportunities as they become available.

Future Funds Pty Ltd offers two levels of ongoing service - our Essential Service Package and our Priority Service Package. You may elect which ongoing service level, if any, you require and switch between options with 30 days' notice.

- Any new recommendations to maximise your outcome.
